

SPANISH PAVILION AT

DES 2019

May, 21-23 Madrid

#SpainDES2019

Spain Pavilion at DES 2019

At the Spanish Pavilion you will find 10 Cutting Edge Tech companies from all over Spain.

An attractive showcase of a dynamic, modern high tech domestic industry, focused on innovation and internationalization.

ICEX

ICEX - SPAIN TRADE AND INVESTMENT

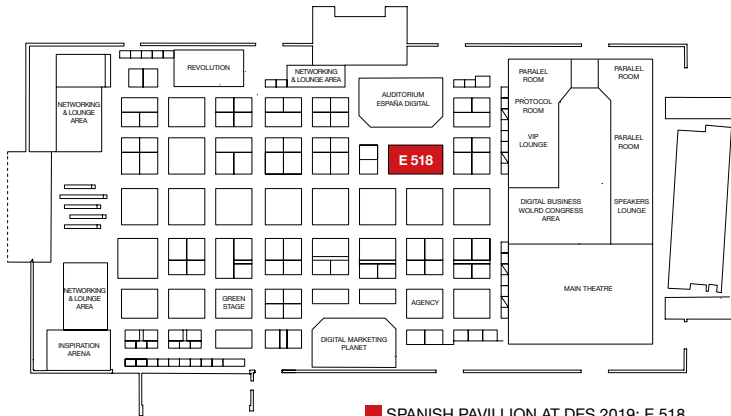

ICEX Spain Trade and Investment is a public business organization which works worldwide with the objective of promoting the internationalization of Spanish companies in order to improve their competitiveness as well as boosting foreign investment in Spain. ICEX offers its services through 31 Provincial and Territorial Trade Offices in Spain, 98 Economic and Commercial Offices Worldwide and 19 Business Centres abroad. Every year, ICEX organizes around 1.200 promotional activities in foreign markets and answers over 90.000 queries on internationalization.

red.es

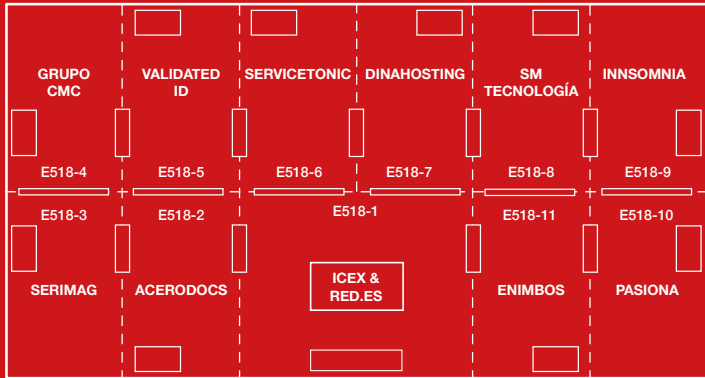

RED.ES

Red.es is the public corporate entity attached to Secretary of State for Digital Advancement (SEAD) which executes the plans and public policies of the Digital Agenda for Spain. Its main areas include the empowerment of innovation and entrepreneurship; the stimulation of the digital economy (with particular emphasis on SMEs digitalization); the digital public services (specially in healthcare and education) and the development of smart cities.

Validated ID

Always be yourself

Validated ID confers security trust services to the processes of electronic signature and digital identity verification.

VIDsigner is our SaaS electronic signature service for face-to-face and remote scenarios. It combines the simplicity of use with the security of cryptography and biometrics. With VIDchain we're also offering a decentralized self-sovereign service based on Blockchain for digital identity verification processes. This solution improves procedures such as customer onboarding, GDPR, and KYC.
